

## MEGACREM

Mega Crem is a range of handsomely designed and very reliable espresso machines. The various models come in many types and range from a basic models to the most advanced machines.

Mega Crem come in various models and is also available as a takeaway type with space for tall glasses. Regardless of which model you chose, the result is the same – a perfect espresso. All machines in the Mega Crem line are offered in three smashing colours which means that they fit into most environments.

### FEATURES

The machines with a display are also equipped with an advanced PID sensor system so that the water always keeps an exact brewing temperature. The temperature is continuously monitored and is rapidly adjusted if it changes. This means that the temperature can be adjusted for the very best espresso experience.
